Austellung in der Galerie Karouzou

October 2016:

Friday 28 6.30 - 9 pm

and Saturday 29, 5.30 - 8 pm

*They are the last of their kind.
They are threatened with extinction.*

The photo documentary „LUP1 MARIS" is dedicated to the history, the stories and the faces of the Greek fishermen and their boats, on the Greek island of Paros.

From 2010 on and for several years the artist photographer Christian Stemper has been documenting a total of 99 boats and 31 fishermen through his camera.

In the meanwhile half of the documented boats though do not exist anymore, being destroyed, abandoned or sold to tourists.

During these two highly interesting afternoons the visitors will have the opportunity to see the documented making of the project presented by Christian Stemper himself, admire the posters and pictures, framed by a delicious Greek apéritif and Greek wines.

We will be very happy to see you there

Best regards
